A Round Table Discussion on Road Safety

“Young Drivers and Road Safety. A Discussion for the Coming Summer”

School of Engineering
Dept. of Civil and Environmental Engineering
Laboratory of Transportation Engineering

Location and Time: Wednesday, 29, April, 2015, 18:00. Main Campus, Social Facilities Building.

Event Description:

Cyprus is getting in the summer period and already welcomes the first visitors for vacation and recreation. In that perspective and exhibiting the necessary care for the road safety, the University of Cyprus and especially the Dept. of Civil and Environmental Engineering (Lab. of Transportation Engineering) is organizing a Round Table discussion dedicated to the young drivers' safety.

In the event, a plenary speech will be delivered by Professor Mohamed Abdel-Aty, University of Central Florida, an internationally distinguished scholar on road safety, will initiate a lively discussion among a panel of key opinion leaders, aiming to attract the public and administration's interest and awareness on safety issues especially for the summer period ahead.

Since all road users (drivers, cyclists, pedestrians, elders and “youngsters”) contribute to road safety, the most important part of the event will be the general public participation to the open dialog, in an effort to promote the concept of safe behavior as a road user. For this aim, EVERYBODY IS INVITED AND WELCOMED!

Discussion Panel:

Mohamed Abdel-Aty, Professor, University of Central Florida (Plenary Speech)

Constantinos Christofides, Rector, University of Cyprus
