

THE INTERNATIONAL CONFERENCE ON :

" Traffic Education : Modern Educational Approach / Experiences & Good Practices "

Tunis, Tunisia : 26 – 27, April 2018

1. Introduction :

The deadly traffic accidents that are affecting our country with an annual average assessment of 1400 dead, emphasize the importance of Traffic Education with a rational civic behavior consecration that preserves the right to live and limits the waste of public funds.

Within this context, The Tunisian Ministry of Education in collaboration with The Tunisian Road Prevention Association (**ATPR**), The Arab Road Safety Organization (**AROSO**) and La Prévention Routière Internationale (**PRI**), is organizing an International Conference on :

" Traffic Education : Modern Educational Approach / Experiences & Good Practices "

In Tunis, Tunisia on 26 – 27th, April, 2018.

This conferences defines a strategic choice adopted with regards to the degradation of Road Safety in our country and which requires the synergic contribution of all stakeholders (Officials, Civil Society and Private Sector) in order to achieve this target.

2. The Conference Objectives :

The conference aims at :

- Contributing to the Drafting of The Tunisian approach regarding the inclusion of Traffic Education in school curricula within the framework of the Educational Reform,
