

Announcement for PhD positions

The Department of Transportation Planning and Engineering of the School of Civil Engineering of the National Technical University of Athens invites PhD candidates in the field of road safety. These PhDs will be financed by European research projects with indicative subjects:

1. Integrated multi-level analysis of international road safety data
2. Advanced analysis of road infrastructure safety interventions effectiveness
3. Exploitation of big data to correlate driver behavior with traffic risk

Student requirements:

- Engineering Diploma
- Excellent oral and written use of English language

The following will be co-considered:

- MSc Degree
- scientific publications (preferably in international peer review journals)
- experience in research projects
- experience in road safety
- high motivation for engineering research

Submissions: Secretariat of the School of Civil Engineering, NTUA

<http://www.civil.ntua.gr/info/phd/>

Detailed motivation letter is required.

Deadline: 30 October 2014

Information: Associate Professor George Yannis (geyannis@central.ntua.gr)
